EXPERIENCE

Core Member - SPANDHAN   **Feb. 2024**

- Led a core committee to organize a 3-day cultural event attended by 10,000 students.
- Secured ₹1 lakh in sponsorships and managed event registrations for seamless participation.
- Anchored key segments and handled crowd management, ensuring smooth event execution.

PROJECTS

NoteVerse - GitHub   *React.js, Node.js, Express.js, MongoDB*   **Aug. 2024 - Sep. 2024**

- Engineered a notes management system for my college for 40+ subject-wise notes and 3+ years of PYQs.
- Implemented backend using Node.js and MongoDB to store and manage notes and PYQs data.
- Designed an admin panel for the addition and removal of notes and PYQs by subject.

E-commerce Website - GitHub | Live   *React.js, Node.js, Express.js, MongoDB*   **Jul. 2024**

- Developed a responsive e-commerce site using React, featuring product listings in 3 categories and filtering.
- Built backend with Node.js, Express.js, and MongoDB for product and user data storage and management.
- Integrated JWT authentication and an admin panel for product addition, removal, and manage listed products.
- Utilized Multer for image uploads and React hooks (useState, useContext) for efficient state management.

Portfolio Website - GitHub | Live   *React.js, Vanilla CSS*   **May 2024**

- Crafted a personal portfolio website to showcase projects, skills, and achievements.
- Built a responsive, user-friendly interface using modern web technologies for seamless navigation.
- Structured different sections to highlight project details, ensuring an interactive and engaging user experience.
- Applied best practices in front-end development to optimize performance and accessibility across devices.
